Philosophy

We have significant accomplishments in A.Y.2019-20 under the motivating and proactive leadership of all teaching and non-teaching staff.

The school focuses on providing conceptual learning environment where students apply knowledge and skills from multiple disciplines so as to widen their knowledge. We focus on both curricular and co-curricular activities where students are trained to have within them responsibility, loyalty, team spirit and healthy Competition.

This academic year began in the month of April where teaching-learning was conducted successfully by our teachers.

Staff (WPS faculty)

The faculty at WPS comprises of well qualified, learned and empathetic teachers with a desire to share the love of their subject with the students. We are fortunate to have with us a faculty of teachers which is ever eager to improvise and adapt to new challenges and demands so as to bring out the best in their students.

Creativity and innovation are the benchmarks in the field of Pedagogy and we continuously strive to incorporate it.

Environmental Education

For the survival and sustenance of mankind environment should be preserved and that can be achieved if students love their environment and search for ways to preserve it. Every now and then the school organizes various plantation programs on various dates.

Parent Teacher Association

A General body meeting of parents is held on a regular basis. Parents provide the valuable feedback and suggestions to the teachers and teachers in return provide them with academic work done and changes made in school for improvement. The PTA is a group of closely knit individuals who work together for the betterment of the students. We thank and congratulate them for their continuous support and cooperation.

Academic Activities

Competitions and academic activities encourage and foster a healthy and competitive spirit. The activities

are conducted at classroom level and school level. Some of them are Extempore speech, Quiz, Drawing, Essay, Handwriting, Poetry recitation and Story Telling.

Training, Seminars, Orientation and Counseling

Co- Curricular and Extra Curricular Activities

Every activity in school life plays a significant role in a child's development. Co-curricular activities are an essential part of school life as they help to enhance the learning process of the students. Through these activities, we strive to bring in social skills, intellectual skills, moral values, personality progress and character appeal in our students.

Some of these events are Best out of waste, Dance competitions, Music competition etc.

Our students even participated in the Spell Bee competitions.

Conclusion

I conclude by assuring that even though our students engaged themselves in various co-curricular and life skills activities, still top priority is given to academic performance. Remedial teaching, extra classes, revision, unit tests, class tests, assignments, term-end exams have kept them busy throughout the year.

I render thanks to our chairman, our teaching and non-teaching staff and our students and parents who gave us their maximum support and cooperation.

With this I conclude the report.
